REQUEST FOR A SUPPLEMENTAL NOTICE OF ALLOWABILITY

Applicant's attorney thanks the Examiner for the issuance of the Notice of Allowance and Notice of Allowability mailed September 26, 2005 in connection with the above-identified application. Upon reviewing the Notice of Allowability, applicant's attorney has determined that it appears to contain an error. More particularly, Item No. 5 of the Notice of Allowability entitled "Corrected Drawings" has been marked, indicating that corrected drawings are required, "including changes required by the Notice of Draftperson's Patent Drawing Review (PTO-948) attached to Paper No./Mail Date 8/26/05." As discussed during the telephone conference on October 3, 2005 (hereinafter "the October 3rd Conference") between the Examiner and applicant's patent agent, Mr. Eric Bleich, replacement drawing sheets were previously submitted to the United States Patent and

Trademark Office together with the Amendment filed on August 24, 2005 (and received on August 26, 2005) in response to the Office Action of May 26, 2005.¹ During the October 3rd Conference, the Examiner indicated that Box 5 may have been checked off inadvertently, and requested a formal request be submitted for a Supplemental Notice of Allowability. Accordingly, applicant's attorney respectfully requests that a Supplemental Notice of Allowability be forwarded to him for the purpose of confirming that no replacement drawing sheets are required. Furthermore, applicant's attorney notes that no Notice of Draftsperson's Patent Drawing Review (PTO-948) was attached to any paper sent by the Examiner, as indicated in Box 5(a)(2).

No fees are believed to be due in connection with the submission of this Request for a Supplemental Notice of Allowability. If any such fees are due, the Examiner is hereby authorized to charge them to Deposit Account No. 503571.

Respectfully submitted,

McCarter & English, LLP
